1 INTRODUCTION

1.1 WELCOME NOTE

Myself and the entire *RA EVENTS* team is thrilled to welcome the Europe's fastest rally drivers to Latvia for the fifth year, to come together for a fantastic rally celebration in the port town of Liepāja. A celebration which, thanks to the *airBaltic*, you can get to via direct flight from the capital Rīga!

Rally Liepāja will be the concluding event in the FIA European Rally Championship calendar this year, so all the final placements will be determined here in Liepāja. It is a similar situation with the Latvian Rally Championship, with *Rally Liepāja* hosting the last two LRC events, meaning that the rally, taking place on October 6-8, will play an integral role in how the national championship plays out.

FIA ERC Junior Championship will also come to Liepāja this year, and, in addition to this being the last event of the season, the *FIA ERC Junior Experience* training programme will also take place. I am happy that part of the knowledge these young guns will receive will be shared by the Latvian lecturers, and training will be done by driving on the technical stages of Liepāja.

Finally, *Rally Liepāja* has also been included in the programme of a long-standing, and very popular, local tradition – Festival of speed *Kurzeme*. I am anxiously awaiting this October weekend, when the FIA European Rally Championship competitors and visitors will be able to enjoy a wide ranging and exciting motorsports and entertainment programme.

This rally can only happen with the help of reliable and devoted partners, so I would like to thank the government of Latvia for their support through the years. Liepāja City Council has also been extremely responsive and actively involved in creating the rally. Thank you to the *FIA*, *Eurosport Events*, *Latvian Automobile Federation*, and all our partners, without whom *Rally Liepāja* would not be possible!

I wish everyone a beautiful and positive autumn rally!

Raimonds Strokšs, Director of Rally Liepāja

1.2 ITINERARY

Rally Liepāja competitive distance will be around 210 km. The rally will begin on Friday, 6th of October, with the qualifying stage, start position selection for priority drivers and the ceremonial start of *Rally Liepāja*. Saturday, 7th of October, will host Leg 1, while Sunday, 8th of October, will give room for the decisive special stages. After the finish, everyone is welcome to newly-built concert hall *Great Amber*, where the awards ceremony will take place.

1.3 REGULATORY POWER OF THIS DOCUMENT

This document has no regulatory power – it is just for information only. All information can be changed or added; updates will be published on www.lvrally.com.

1.4 WELCOME TO LIEPĀJA!

Liepāja is a city that is proud of its motorsports history lasting for more than 50 years. I am certain that this year's FIA European Rally Championship round *Rally Liepāja* will, again, be among the brightest spots in the calendar, gathering the best crews from Latvia and Europe.

Our current experience demonstrates that we can successfully organize an international event here in

Liepāja. The city, having held a title of *European City of Sport 2016*, has regularly been the location for European level championships and tournaments in basketball, windsurfing, tennis, football, hockey, and other sports.

Our main asset is the ability to join world level ambition with the conveniences of a small city – tidy environment, developed infrastructure, a wide array of opportunities and, of course, a quality offering of culture, entertainment and sports events.

I hope that, during the exciting days of the event in Liepāja, you will manage to enjoy at least a small part of what the city can offer to its guests – from cosy restaurants and relaxed evenings in the sunset to concerts in the *Great Amber* acoustic hall or elsewhere. New experiences can be found everywhere – walking through the quiet streets of the old town with its mighty *art nouveau* buildings from the past century, going to the beach, renting an electric bicycle and going on a tour around Karosta, which is filled with military heritage, or just playing some basketball on one of the two courts gifted to the city by NBA's New York *Knicks* player Kristaps Porziņģis. All of this is within reach right here in Liepāja!

I am sure that these couple of days in Liepāja are going to be a saturated and rich experience for every competitor and visitor, while the city will be able to strengthen its position European rally calendar as an event that is exciting for both drivers and fans, taking place on legendary special stages – with jumps, an interesting road configuration, and a gravel surface.

Uldis Sesks

Chairman of Liepāja City Council

The harmonic, smart, and versatile environment aids in creating strong personalities with influential ideas.

Liepāja port mole

Liepāja can also be a place to

gain knowledge that will serve as a stepping stone for growth. Liepāja offers world class knowledge and the newest tendencies for interested people, as it has a modern education system, many interest-related education options, higher education, research, and knowledge exchange.

Liepāja also offers relaxation and a step away from the ordinary. The city makes it possible to get world class inspiration and excitement for stress absorbed people, as there are options to get involved with or enjoy classic culture, professional sports, popular entertainment, as well as long cultivated traditions.

Liepāja encourages creativity – the foundation of well-being. Liepāja is a fantastic environment for talented people to realize themselves and release their craziest ideas to the world, as there is infrastructure for both creative and traditional industries, a well-developed logistics network, as well as freedom to think unconventionally, and a very open local government.

Liepāja – a citadel of music and art

Concert hall Great Amber

Architecture and world class acoustics that spoil you – that is an apt description of the Liepāja concert hall *Great Amber* – providing exhibitions, concerts, and theatre performances for any taste. The oldest professional theatre in Latvia, Liepāja theatre, plays an important role in the culture of the city, with the theatre celebrating its one hundred and eleventh season this year. Classic and modern art can be viewed not only in the exhibition

galleries and the museum of Liepāja, but in the city and its creative spaces as well. Liepāja Holy Trinity cathedral is located in the heart of Liepāja and it is not only a church, but a musical building with a surprise – the largest mechanical organs in the world. In addition to that, it is possible to get a birds-eye view of Liepāja from the roof of the cathedral.

Liepāja knows how to appreciate the musical freethinkers, the rhythms of popular music in various events, and world level classical music as played by the Liepāja Symphony orchestra.

Liepāja – a place for recreation

An electro-karting hall, *Blue Shock Race* is located in Liepāja – electro-kartings provide adrenaline to even experienced drivers. In the city centre – in Jūrmala park – it is possible to go and play some bowling in *Dzintara bowlings*.

For the inquiring minds, the *ZINOO* science centre in Jaunliepāja will show the practical side of science. The exposition will make you look at things from a new perspective – there are educational lessons and unusual experiments with ordinary items and substances. Right next door, it is possible to organize an ice-skating or hockey competition in the Liepāja Olympic centre ice arena, or enjoy the water in the pool and SPA complex. For some, the best relaxation will be a walk to the bird watching towers by the Lake Liepāja.

In Karosta, right next to the wakeboarding, boating and boarding centre and camping *BB Wakepark*, you will find the *Tarzāns* adventure park. The park contains five obstacle courses of varying difficulty, with a total of 77 obstacles, ranging from one to fifteen metres in height, for both children and adults, as well as a 330 metres long cable ride over the Beberliņi water reservoir, the longest such ride in Latvia.

Adventure park Tarzāns

Karosta also contains the only military prison in Europe that is open to tourists. It is a prison from which nobody has ever escaped. Paranormal experts from the USA have deemed the Karosta Naval Port Prison to be the most ghost haunted place in the world. Do not miss the opportunity to witness something that will not be available anywhere else.

You can also feel the rhythm of Liepāja by walking through the old town route *Liepāja as a musical note!* The route goes by the Liepāja anthem character sculptures, the largest drums in Latvia, tree of Ghosts, and the Latvian musician alley of fame.

Art nouveau, wooden architecture and unique modern architecture buildings show the different faces of Liepāja in their own ways.

For a leisurely view of the old town, you can also choose a ride in the train. If that seems a bit too slow and you want to move along at a faster pace, the Liepāja bike paths await. There are many options for bicycle rental in Liepāja, but Liepāja region tourism information centre also offers rental of *Blue Shock Bike* electric bicycles.

Liepāja – revel in the taste

Market Pēterturgus

The taste of lower Kurzeme region shines through in nearly all Liepāja restaurants, cafes and taverns. In the olden days, the menu of this fisherman's village was not imaginable without fish caught in the Baltic Sea, Lake Liepāja or the nearby rivers. These traditions continue to this day, so we invite you to try the special food of the city – *Liepājas Menciņi*. Pēterturgus is a special place in the city – it entices with not only local vegetables and berries, but with smoked fish and meat, which is a perfect complement to a freshly baked rye bread. Liepāja offers a mixture of colours and tastes, with love for gastronomic, beautiful, bright, and sweet-scented.

After a creative and active day, evening or night, the city hotels, guest houses and apartments will provide relaxation and comfort so that, when a new day arrives, you are refreshed and ready to head out for new adventures. One day will definitely not be enough to get to know and travel around Liepāja, so plan to stay for at least a couple of days.

The city offers surprises in every season – from music festivals, thrilling motorsports events, recreation on water, land or in the air, to a saturated culture event calendar for all twelve months. Everyone can find something to enjoy.

This is just a small part of the large list of Liepāja recreation offerings. To find out what else you can do, feel, and taste in Liepāja, visit www.liepaja.travel.

Come to Liepāja! Only then will you understand it. See for yourself. Feel for yourself. Lose yourself and, of course, fall in love. Come and never forget. Liepāja.

14 FESTIVAL OF SPEED – KURZEME

Let's go to Kurzeme

When hearing such phrase from you, some Latvians will definitely think that you are going to enjoy the vacation in historical region in western Latvia, however, for the admirers of motorsports, name *Kurzeme* for more than half a century is a synonym for one of the most famous motorsport's competition in Baltic States and beyond its borders.

Already since 2010 *Kurzeme* is more than just a rally – it is festival of speed, which gathers best rally drivers, as well as participants of other motorsport's disciplines from Latvia and its closest neighbouring countries. This year during one weekend, festival of speed is uniting with the event of FIA European rally championship *Rally Liepaja*.

Festival of speed *Kurzeme* 2017 will gather several motorsport's events – FIA European Rally Championship and Latvian Rally Championship event *Rally Liepaja*, final event of Latvian Powerboats Championship, as well as *Lada RX Kurzeme* competition in the streets of the city.

Celebration and proficiency challenge

Festival of speed *Kurzeme* 2017 will take place for three days, October 6-8, and vastest celebration program in the city is scheduled on Saturday, when engines of different capacities, horsepower, as well as generations will roar in the centre of Liepaja.

Integral part of Festival of speed *Kurzeme* is powerboats competition, which always whips up usually still waters of city

channel. The track, which is located in Liepaja Trade channel, allows spectators to watch powerboat driver's competition from very close distance.

This competition, which challenges the proficiency of competitors and is valued by the spectators, will also be seen in Liepaja this year, besides – similarly as in rally, season's decisive powerboat's competition will take place in the City of Winds, Liepaja – final event of Latvian Championship will take place here.

Whole day in especially built Liepaja streets stage, *Lada* sporting cars competition *Lada RX Kurzeme* will take place. Fastest drivers will be established using rallycross results calculation systems. Whereas in the evening, fastest European rally drivers will fight for the seconds in the city special stage.

In the end of the season – Baltic’s rally classics

Rally traditions in Liepaja started in 1965, when motorsport’s section of Liepaja milk factory, led by Mārtiņš Sesks, started to organize first rally competitions, which soon became popular not only in Baltic states, but in all Soviet Union and even beyond its borders. Liepaja have organized Latvian USSR and USSR championship events, and after establishment of independence of Latvia also Lithuanian, Estonian, Russian and European rally championship events.

Kurzeme is well known to rally drivers with its fast and very technical gravel roads. One of rally icons is legendary Vecpils special stage, which is also called Baltic’s rally pearl, as well as rally university – almost every turn in Vecpils special stage is named under someone’s surname and mistakes can be made in every location of this stage. Also the reputation of other special stages – Krogzemji, Podnieki, Kalvene,

Snēpele, Alsunga, Marijas muiža, Liepieni, have been made by rally drivers trough several decades, and it is rally classic’s, which always gives pleasant thrills to drivers, as well as to spectators.

Rally Liepaja itinerary will include most legendary jumps, turns and spectators areas, to allow the drivers of European Championship to enjoy gravel roads of Kurzeme in the highest quality. This year, a splendid motorsport’s festival full of different events will be arranged for the visitors of European Rally Championship event, to remain in their good memories for a long time.
